Dear U.S. CCPR Interest Group,

We look forward to speaking with you today and have attached the meeting agenda for your reference (this can also be found attached to the meeting calendar notice).

We have also previously shared the CCPR Schedule/Priority List broadcast letter for new nominations for 2022 and beyond (issued by Karina Budd of the Australian Delegation). This letter is attached for your reference, along with the current CCPR Schedule/Priority List.

As we with previous years, the U.S. delegation will coordinate submission of U.S. nominations. If you are interested in making a nomination, please let the U.S. Delegation know as soon as possible and review the broadcast letter and addition instructions below.

U.S. Stakeholder Instructions

The Codex Electronic Working Group (eWG) on Priorities has requested additional nominations to the Priority List of Pesticides from the U.S. Delegation, to be considered at the next CCPR meeting. Nominations are due to CCPR by **November 30, 2020**.

Please aim to submit nominations to the US Delegation on or before **Friday, November 8, 2020**. To submit a nomination for consideration by the US Delegation to CCPR, please respond electronically to David Miller (Miller.DavidJ@epa.gov) and Aaron Niman (Niman.Aaron@epa.gov) and fill out the attached nomination form ("Nomination Form for CCPR Blank.doc"). Please also review the draft Priority Lists of Pesticides attachment for any updates (commodities, field trial information, etc.) or opportunities to reschedule currently scheduled compounds.

Information on the CCPR schedule and priority list is provided in the attached letter and Excel spreadsheet and also available on the “**CCPR-Priorities-2019**” Forum on the [Codex IT Platform](#). As described in the EWG broadcast letter and summarized below, the 2020 schedule is closed and open for nominations for 2020 and beyond.

The U.S. Delegation will work with registrants/IR-4 to determine available data and support for any of these requests.
